

From the Comox Valley Healthcare Foundation Board and our staff, we wish you a wonderful holiday season and a healthy 2023 ahead.

At this time of year, as donations arrive by mail, phone, in person and online, we are filled with heartfelt gratitude for the support you provide for healthcare throughout the year. Our community is stronger, healthier, kinder and more compassionate because of you. Thank you.

We have seen the full breadth of our local healthcare mandate supported this past year. From donations in support of acute care at the hospital, community healthcare, and long-term care to dedicated funding for equipment, special training, and comfort items, your gifts are having a profound impact on healthcare in the Comox Valley.

In addition to the impact of financial donations, children's eyes light up when they are given stuffed animals at the hospital, smiles appear on the faces of seniors in long-term care upon receiving a holiday stocking, and frontline community healthcare staff feel relief when they can offer warm clothes to some of their most vulnerable clients. In-kind donations are making a big difference!

There is still time to make a donation and receive a 2022 tax receipt. Donations can be made online for year-end giving or sent by mail and postmarked by December 31 to be eligible for a 2022 tax receipt. If you have any questions about your charitable tax receipt or any other matter, please do not hesitate to contact our office.

Through the generous support of donors, we are thrilled to announce the funding for the bedside ultrasound in the Emergency Department has been received!

Our cardiac care campaign continues with the echocardiogram, mock code blue training and external pacemakers still required to further enhance cardiac care in our region.

We had the opportunity to speak with Dr. Houlgrave from the Emergency Department and he highlighted some wonderful examples of how donations have supported patient care over the years. He shares his gratitude and we're happy we can pass the video along to our donor community who have provided such steadfast support of healthcare close to home.

Special holiday happenings surround us and we're grateful to be involved.

This week we brought some holiday cheer to long-term care residents at Glacier View Lodge and Cumberland Lodge, and to patients transitioning to long-term care from the hospital. Stockings for Seniors, an initiative led by IG Wealth Management, provided beautiful stockings filled with comfort items and treats to 62 seniors who don't have family around them at Christmas. Our sincere thanks to everyone who contributed to this kindness project.

We are also filled with gratitude for the healthcare teams, who look after each of us throughout the year. With the generous support of RBC Royal Bank and Grant Thornton LLP, we were delighted to deliver special treats to our healthcare teams as a gesture of our heartfelt appreciation for all that they do.

♥ Warm wishes to you and yours!

Our office will be closed on December 26th and 27th then re-open from the 28th to the 30th. In the new year, we will re-open on January 3rd.

We are looking forward to 2023 and, alongside you and our healthcare teams, ensuring the best possible care is available here in our community.
